

Headteacher's Message

Welcome back to the Summer term. It has been wonderful to see everybody back. Mrs Gray and I have been so impressed with the Bug houses which have come in from you all – such skill and creativity. The bug houses have been placed around the school grounds. Thank you so much for the time and effort you have put into the family projects!

We have planned our Jubilee Celebrations and we are very excited about them. Please see the letter sent out separately about them today.

We are approaching national SATs week for the Year 6 pupils. We want our children to do their best in these assessments but also recognise the fact that the tests do not define our children. Our children are talented and show us wonderful characteristics every day. We wish them well but, Year 6 pupils, you are worth so much more than a test paper, and don't forget that!

Safeguarding

Device Rules and Boundaries

It is a really good idea for parents to sit down with their children and agree rules and boundaries in relation to new or current devices, set expectations of behaviour and much more. To help with this FOSI (The Family Online Safety Institute) have put together some really simple but wonderful agreement sheets for parents which you can download for free here:
